Dear Mr. Peters:

This is to acknowledge receipt of your letter of November 20, 1981, transmitting an amended notification form, waste analysis results, and manifest copies.

Your amended notification form has been referred to the proper officials within this office for processing, and an acknowledgement from them on its disposition should follow shortly.

We appreciate your efforts to properly dispose of the hazardous waste which was stored at your facility. As long as you do not store over 1,000 kg for over 90 days, you will remain a generator only. As you know, the Kansas requirements are more stringent than the Federal requirements, limiting you to storage of 100 kg.

If you have any questions, or if we may be of further assistance, please call me at (816) 374-6487.

Sincerely yours,

Wayne A. Kaiser
